Experience

Encubate Tech Private Limited (FLEXC)

Full Stack Developer

Oct. 2021 – Oct. 2024

Remote, India

- > Developed full-stack features for FLEXC's recruitment platform using ReactJS, Redux, .NET, and SQL Server.
- > Designed and maintained RESTful APIs, integrating secure, scalable backend services.
- > Delivered end-to-end features aligned with agile sprint cycles, including testing, deployment, and client demo support.

Client Project: John Finch Computers Limited (UK)

Full Stack Developer

Remote via FLEXC | Completed

- > Built secure web applications using .NET, CSharp, Angular, and SQL Server for UK-based business needs.
- > Created and integrated REST APIs to manage business workflows and reporting features.
- > Improved deployment processes using Docker containers and Azure DevOps CI/CD pipelines.

Client Project: Inforica (Canada)

Full Stack Developer

Remote via FLEXC | Completed

- > Developed scalable modules for enterprise systems using .NET, SQL, and MongoDB.
- > Collaborated with cross-functional teams to implement cloud-ready solutions with optimized performance.
- > Led feature rollouts and testing, maintaining high code quality and meeting security standards.

Professional Development and Freelance Work

Full Stack Developer

Nov. 2024 – Present

- > Completed certifications in CSharp and TypeScript, with plans to pursue additional advanced training to further enhance technical proficiency.
- > Developed and launched [portfolio website](#) to showcase projects and technical capabilities.
- > Building a new website for Threeway Drywall, a construction business, from scratch to boost online presence and marketing—currently in development.
- > Actively seeking new opportunities to contribute to high-impact software development teams in Canada.

Honors and Awards

State Topper in High School

- > Honored by the Governor of Uttarakhand, Dr. Krishna Kant Paul, for securing the highest marks in the state, demonstrating academic excellence and dedication.
