EXPERIENCE

Customer Support Associate

May 2025 – Present

Wendy's | Onsite, Canada

- Delivered excellent customer service by effectively handling inquiries, orders, and resolving issues promptly in a fast-paced environment.
- Collaborated with team members to ensure smooth daily operations and maintain high standards of service quality.
- Developed strong communication and problem-solving skills while managing customer interactions and feedback.
- Maintained adherence to health, safety, and company policies to ensure a safe and welcoming environment for customers.

Full Stack Developer

Nov 2024 – Present

Professional Development & Freelance Work | Remote, Canada

- Engaged in continuous professional development through advanced coursework and self-study in backend technologies including TypeScript, C# and RESTful API design.
- Enhanced skills in debugging, testing, and optimizing web applications by contributing to open-source projects and collaborating with developer communities.
- Gained hands-on experience with version control systems (Git), containerization (Docker), and cloud deployment best practices.
- Strengthened problem-solving abilities by working on algorithmic challenges and refining coding standards to ensure maintainable and secure code.

Full Stack Developer

Oct 2021 – Oct 2024

Encubate Tech Pvt Ltd (FLEXC) | Remote, India

- Spearheaded development of **Octo**, FlexC's recruitment automation platform — flexc.work/octo.
- Built full-stack features using **ASP.NET Core, C#, ReactJS, SQL Server, MongoDB**.

- Engineered full-stack features for a recruitment platform using **ReactJS, .NET, and SQL Server**, reducing onboarding time by 80%.
- Designed secure **REST APIs** and contributed to **CI/CD automation** using **Docker and Azure DevOps**.
- Participated in Agile sprints, client demos, and deployment pipelines.
- Conducted regular **retrospective sessions** and collaborated with QA and product teams to improve delivery.
- Led and supported **QA testing, debugging, and UAT-to-live deployments**.
- Executed **data fixes** and optimized backend services with **MongoDB aggregation queries**.
- Performed **API integration and testing** using **Postman** to ensure smooth frontend-backend communication.
- Developed interactive UI components including advanced tables using **AG Grid**.

Full Stack Developer – John Finch Computers Ltd (UK)

Contract via FlexC

- Delivered secure business workflow portals using **.NET, C#, JavaScript and SQL Server**.
- Refactored backend logic, enhanced REST APIs, and optimized SQL queries for performance.

Full Stack Developer – Inforica (Canada)

Contract via FlexC

- Developed cloud-native modules with **.NET, Azure Functions, and MongoDB**.
- Collaborated across time zones with Canadian clients to meet enterprise scalability needs.

PROJECTS

Portfolio Website

2024

React, JavaScript, Tailwind CSS — tech-swalehas-projects.vercel.app

- Designed and tested a personal portfolio to showcase full stack and QA-related projects.

Constructify Web App

2023

React, Node.js, MongoDB — constructifydev.netlify.app

- Built and QA-tested a construction dashboard with user authentication and CRUD functionality.

EDUCATION

Graphic Era University

B.Tech Computer Science (GPA: 3.7)

Dehradun, India

2017 – 2021

HONORS AND AWARDS

- **State Topper in High School** — Honored by the Governor of Uttarakhand, **Dr. Krishna Kant Paul**, for securing the highest marks in the state.
