DevOps & CI/CD : Azure DevOps, Docker, Jenkins, kubernetes, Git, GitHub

Cloud & OS : Azure, AWS, Netlify, Vercel

Databases : SQL Server, MongoDB, MySQL

Soft Skills : Analytical Thinking, Communication, Debugging, Agile, Team Collaboration, Troubleshooting

EXPERIENCE

Customer Support Associate

May 2025 – Present

Wendy's | Onsite, Canada

- Delivered excellent customer service by effectively handling inquiries, orders, and resolving issues promptly in a fast-paced environment.
- Collaborated with team members to ensure smooth daily operations and maintain high standards of service quality.
- Developed strong communication and problem-solving skills while managing customer interactions and feedback.
- Maintained adherence to health, safety, and company policies to ensure a safe and welcoming environment for customers.

Full Stack Developer

Nov 2024 – Present

Professional Development & Freelance Work | Remote, Canada

- Built automation scripts using **Java + Selenium** and **Playwright with TypeScript** to validate UI flows across environments.
- Created and executed **manual and automated test cases** for Angular/.NET apps, REST APIs, and microservices.
- Designed reusable test modules using **JUnit/TestNG**, and managed defects using **Azure DevOps Boards**.
- Conducted API testing and assertions with **Postman**, ensuring compliance with business logic and edge cases.
- Used **Git, and Docker** to integrate test suites into CI/CD pipelines for reliable deployment feedback.

Full Stack Developer

Encubate Tech Pvt Ltd (FLEXC) | Remote, India

Oct 2021 – Oct 2024

- Developed and automated functional and regression tests for FlexC's platform using **Java, Selenium, and Postman**.
- Debugged defects and conducted **root cause analysis** in coordination with developers and QA engineers.
- Maintained Java-based **test automation framework** to validate API responses and UI behavior.
- Executed **hardening tests** on deployment candidates and verified stability before release to production.
- Collaborated in Agile sprints, participated in retrospectives, and drove QA best practices across the team.
- Used **Git, and Docker** to manage builds, source control, and test containers for isolated test runs.

Full Stack Developer – John Finch Computers Ltd (UK)

Contract via FlexC

- Delivered secure business workflow portals using **.NET, C#, JavaScript and SQL Server**.
- Refactored backend logic, enhanced REST APIs, and optimized SQL queries for performance.

Full Stack Developer – Inforica (Canada)

Contract via FlexC

- Developed cloud-native modules with **.NET, Azure Functions, and MongoDB**.
- Collaborated across time zones with Canadian clients to meet enterprise scalability needs.

PROJECTS

Portfolio Website

2024

React, JavaScript, Tailwind CSS — tech-swalehas-projects.vercel.app

- Designed and tested a personal portfolio to showcase full stack and QA-related projects.

Constructify Web App

2023

React, Node.js, MongoDB — constructifydev.netlify.app

- Built and QA-tested a construction dashboard with user authentication and CRUD functionality.

EDUCATION

Graphic Era University

B.Tech Computer Science (GPA: 3.7)

Dehradun, India

2017 – 2021

HONORS AND AWARDS

- **State Topper in High School** — Honored by the Governor of Uttarakhand, **Dr. Krishna Kant Paul**, for securing the highest marks in the state.
