PROFESSIONAL SUMMARY

Full Stack Developer & QA Analyst with over 3 years of experience delivering secure, scalable, and high-performance web applications in Agile and CI/CD-driven environments. Skilled in building client- and server-side architectures using React, TypeScript, Node.js, and .NET, with strong database expertise in PostgreSQL, MongoDB, and SQL Server. Experienced in cloud deployment (AWS, Azure), designing robust RESTful and GraphQL APIs, and applying test-driven development (TDD) for maintainable codebases. Proven track record in QA processes including manual testing, API validation, and automation with Playwright, ensuring quality releases. Adept at problem-solving, debugging, and collaborating with cross-functional teams to deliver impactful digital solutions. Passionate about clean code, data modeling, and creating intuitive UX designs for dashboards and complex workflows.

TECHNICAL SKILLS

Frontend	: React.js, HTML5, CSS, JavaScript, TypeScript, Redux, Bootstrap, Java, Kotlin, UI/UX
Backend	: Node.js, C#, REST APIs, API Integration, .NET, Google APIs
Databases	: PostgreSQL, MongoDB, SQL Server, MySQL
Cloud/DevOps	: AWS, Azure, Docker, CI/CD Pipelines, Netlify, Vercel
Tools	: JIRA, GitHub, Postman, Asana, TFVC, Kubernetes, Visual Studio Code, Selenium
Practices	: Testing, Debugging, Agile Development, Documentation, Retrospectives, Production Support, Algorithms, Data Structures, Software Design Patterns, Sprint Planning, Code Reviews, SDLC, QA Methodologies
Soft Skills	: Problem-Solving, Team Collaboration, Time Management, Adaptability, Communication, Attention to Detail

EXPERIENCE

Full Stack Developer – VerifyWise (BlueWave Labs)

Aug 2025 – Present

Remote, Canada

- Leading full-stack development for **VerifyWise** ([verifywise.ai](#)), an AI-powered verification platform, using **TypeScript (Node.js)** for backend services and **React.js** for dynamic user interfaces.
- Integrated third-party verification APIs, optimized database queries, and applied security best practices for identity compliance workflows.
- Collaborated in Agile sprints with designers, product managers, and QA to deliver high-quality releases via Azure DevOps CI/CD pipelines.

Professional Development & Freelance Work

Nov 2023 – Jul 2024

Remote, Canada

- Created a professional developer portfolio and earned certifications in **C#** and **TypeScript**.
- Built a construction company website with responsive UI, service listing, and contact forms for a freelance client.
- Developed secure full-stack applications using **Node.js**, **React**, **TypeScript**, **PostgreSQL**, deployed via AWS and Docker.
- Practiced **TDD** and contributed to CI/CD pipelines in freelance and open-source projects.

Full Stack Developer / QA Analyst – Encubate Tech Pvt Ltd (FlexC)

Oct 2021 – Nov 2024

Remote, India

- Developed and launched key features for FlexC’s recruitment platform (flexc.work/octo) using **ReactJS**, **Node.js**, **MongoDB**, and .NET microservices.
- Designed and secured RESTful APIs, focusing on authentication, data validation, and scalability.
- Led QA efforts including manual testing, API validation (**Postman**), and automation with **Playwright**, improving release quality and reducing post-deployment bugs by 30%.
- Collaborated in Agile sprints, wrote functional documentation, and participated in UAT-to-production deployments.

Full Stack Developer – John Finch Computers Ltd (UK)

Contract via FlexC

- Delivered enterprise web applications using **.NET**, **JavaScript**, **SQL Server**, optimizing system performance for 2K+ users.
- Built and enhanced secure APIs, resolved complex data inconsistencies, and implemented scalable backend logic.

Full Stack Developer – Inforica (Canada)

Contract via FlexC

- Delivered cloud-based solutions using **.NET**, **Azure Functions**, **MongoDB** with a focus on performance and security.
- Assisted in compliance-driven development to meet Canadian privacy and data protection regulations.

PROJECTS

Portfolio Website

2024

React, JavaScript, Tailwind CSS — tech-swalehas-projects.vercel.app

- Designed and tested a personal portfolio to showcase full stack and QA-related projects.

Constructify Web App

2023

React, Node.js, MongoDB — constructifydev.netlify.app

- Built and QA-tested a construction dashboard with user authentication and CRUD functionality.

EDUCATION

Graphic Era University

Dehradun, India

B.Tech Computer Science (GPA: 3.7)

2017 – 2021

HONORS AND AWARDS

- **State Topper in High School** — Honored by the Governor of Uttarakhand, **Dr. Krishna Kant Paul**, for securing the highest marks in the state.
